

R196A™ *All-Position High-Scrub Radial*

Premium Performance for Spread-axle Trailer Applications

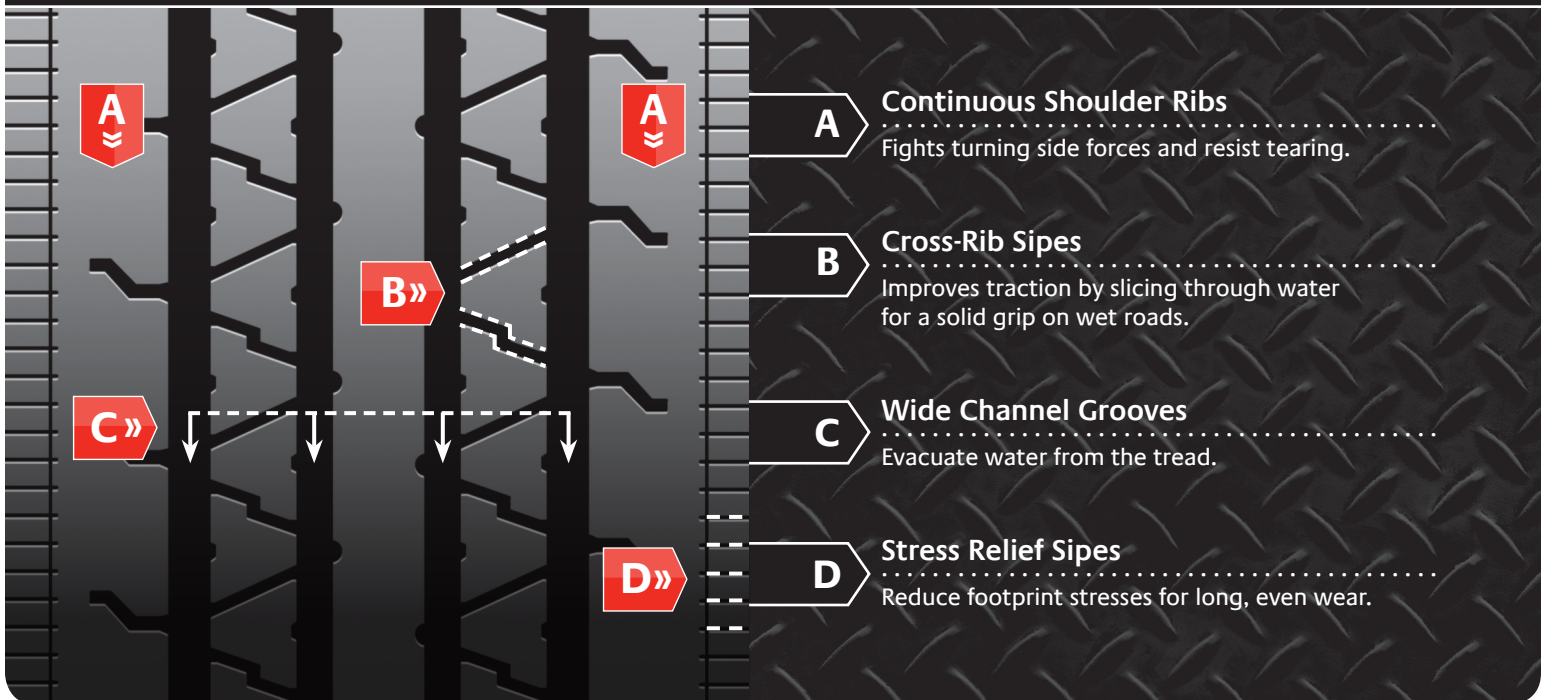

High - Scrub ■ Resists Tearing ■ Runs Cool

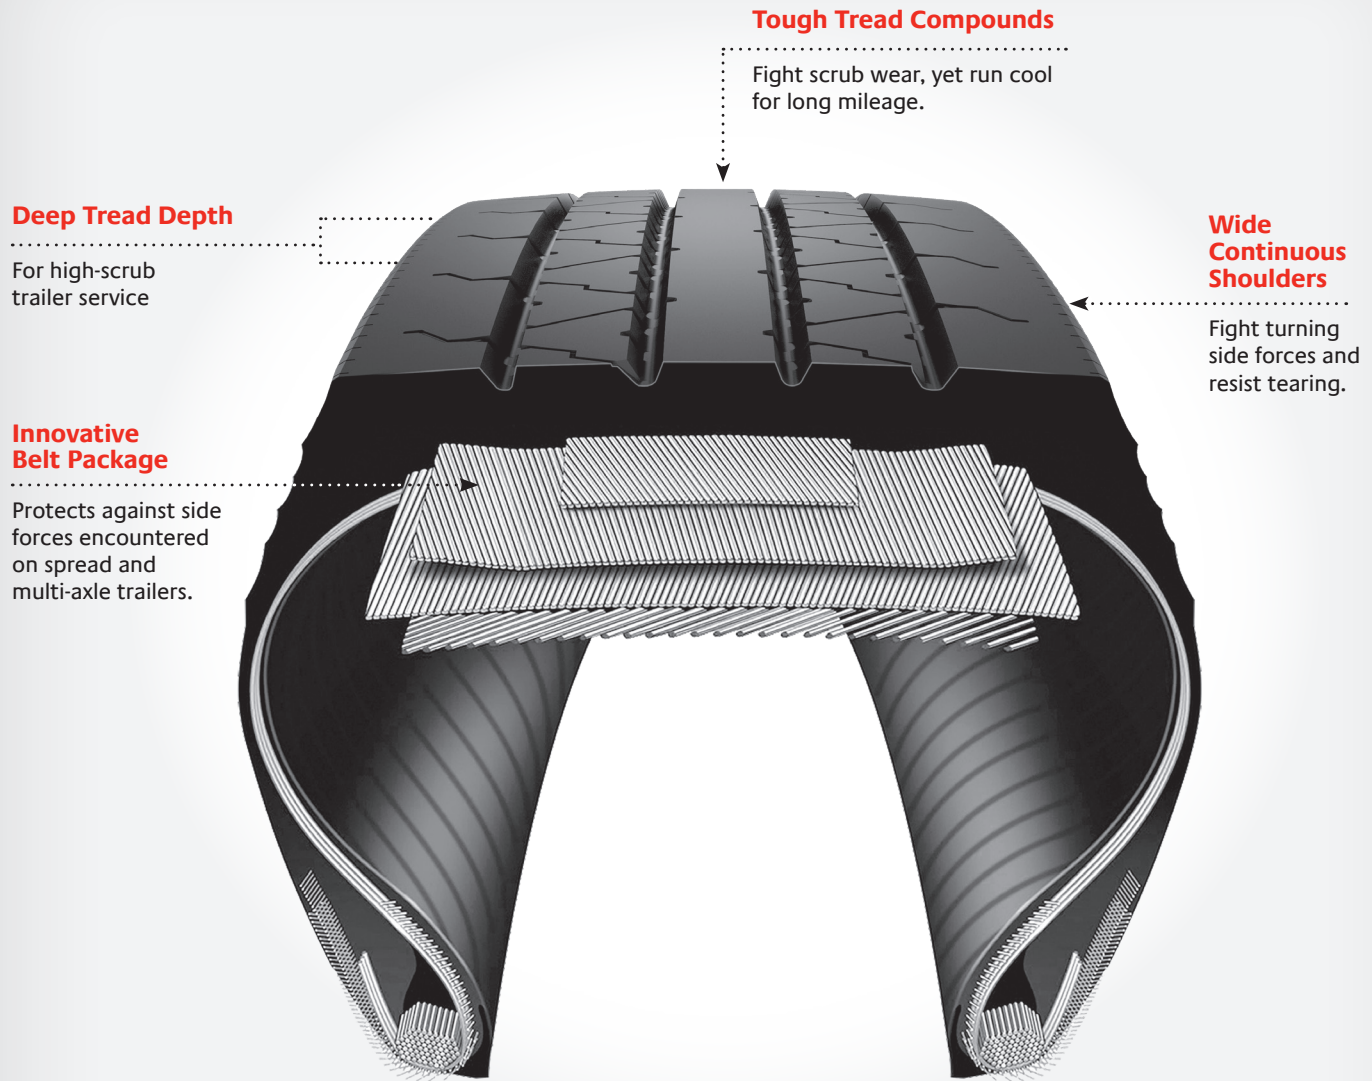

PRECISELY THE RIGHT TIRE.

The Bridgestone R196A all-position high scrub radial is another of Bridgestone's innovative solutions for spread-axle trailer applications in long haul, regional haul, and pickup & delivery services. The R196A radials are designed with a tough tread compound to fight scrub wear, yet run cool for long mileage. The R196A also meets rolling resistance requirements for non-box trailers in the 2018 Greenhouse Gas Phase 2 Program.
